

Soaring Skies Federation

Dear Reception Class children and families,

I hope that you are all well and keeping happy and busy at home. And I hope you had a nice time over the Easter break with your families! I am thinking of you all the time and missing you lots.

This would have been the start of our summer term together at school. But instead of going to school we are learning at home! Our exciting new topic is called 'Up in the Sky'. This week we will be finding out about animals that fly in the sky, particularly birds. In the coming weeks, we will also be investigating kites, bubbles, balloons and how humans can fly in the sky - and even go into space!

What have you been doing to keep busy? I have been spending lots of time looking out of my window at home and noticing signs of Spring. I like seeing all the blossom and spotting birds and insects on my daily walk too.

Please try to do a little bit of reading, writing, phonics and counting every day. But also remember that you are learning all the time when you play! Don't forget to be helpful at home and to help at tidy-up time just like in class!

Wishing you and your families all the very best.

Take care,

Love from Mrs Watson
