

Hi Year 2 :)

I hope you are all staying safe and well, washing your hands regularly and trying to keep a good distance from others when you're on your once-a-day exercise outside.

I have been taking some lovely walks and bike rides around Hackney each day, admiring all the wisteria that is in full bloom at the moment. What plants or animals have you spotted lately?

How is the home learning going? I bet you and your family are doing an incredible job regularly keeping up with doing some form of learning each day through creative activities, games, quizzes and more. Don't forget to log into EducationCity, I'll be uploading activities for you to complete on there each week also. I'm so immensely proud of you all just doing what you can during these strange times :)

Continue being amazing Year 2 (and parents/carers!),

I miss you all so much,

Virtual hugs,

Miss Coyne :)
