

Hello Year 4,

I hope you and your families are well and safe. I know that it must feel strange not being at school as I feel the same as a teacher. It will be lovely to see you all again when it is safe for us to do so. In the meantime enjoy the time with your family as best as possible, talk to each other, play games together and learn together.

Our new topic is Space and Aviation, how exciting! Every Monday you will find new activities for the week uploaded on the school's website. There will be different activities set to help you develop various skills such as creativity, problem solving, communication and lots more. The activities can be done independently or with others in your family. There will also be activities for you in the classroom area of Education City try and do them if you can.

Whilst at home talk about your learning with your family and find out their answers to some of the questions asked to make it more interactive.

This week you will be reading a Greek myth called Icarus and Daedalus which involves lots of feathers and people flying...You have a written version of the story with your home learning pack and you can also watch it here if you can

[https://www.youtube.com/watch?v=RVkwWo\\_LNZs](https://www.youtube.com/watch?v=RVkwWo_LNZs)

Record your learning in your home learning book and take lots pictures of possible. We look forward to seeing all of your learning and hearing the interesting facts that you find out.

Take care.

Miss Ephraim
