

Colvestone Primary School

We would like to welcome all of our new Nursery class and their families as they get ready to start their Colvestone learning journey in September 2020. We understand that this is an exciting time for you and appreciate that you may have many questions about your new school, teachers and the school community.

In this area of the website specifically designed for our new Reception Class starters and their families, you will find links to the following:

- [Transition letter to families.](#)
- [Nursery Class information power point.](#)

You can also access more information about the school on the main school website.

Keep checking the website for any updates.
