

Dear Year 1 children, parents and carers,

Hello to all! How are you all? The last week of term has come around very quickly and what a bizarre year we have had! Who would have thought that this year would have included a pandemic?! Well done to everyone for getting through it and continuing to keep going.

I'm looking forward to September and I am excited to be the Year 2 teacher and to see you all everyday once again. We can keep going from where we left off and make a new classroom environment in the Year 2 classroom. I am looking forward to reading new class novels and to hear stories of your summer holidays. Enjoy the time with your families, create adventures in your local area and rest up.

The weather has taken a dip this week, but the drizzle has done wonders for my garden. The tomato plant that was looking a bit shrivelled and dry is now looking much healthier. I have also noticed that the birds are enjoying the rain and the pond in Victoria Park seems full to the brim of different types of birds. The picture doesn't show the birds but they're nesting in the sculptures in the pond and on a pontoon in the middle of the water.

Crafty activity: Why don't you have a go at making marbled paper this week? Have a look at these different techniques and have a go!
