

Colvestone Primary School

Colvestone Crescent. London. E8

Dear Parent/Carer,

Dimensions Entertainment London has been working with Colvestone Primary school to provide after school Street dance programme for students. We now have funding awarded support by Hackney Council to provide a **6-week FREE** carnival dance class to train 20 children / parent who would like to be a part of Hackney Carnival on the **11th of September 2022**.

Dimensions carnival group is a family-based troupe where children and adults perform alongside each other and support the group on the day, which will provide an ideal opportunity for new family experiences, learn fun routines and perform what has been learnt on the roads on Hackney and develop budding interest in the carnival arts.

At the classes and on the day, we aim to have one parent per child to perform with or support the group on the day. We understand that some parents will not be able to attend Hackney Carnival, so parents can opt for another parent to support their child on the day.

Dimensions London's Dance classes will be held at Colvestone Primary school Hall on **Tuesdays 5.15pm**. You and your child will also be provided with themed T-shirts/ costumes for the day.

If you and your child is interested in joining the Hackney Carnival project and complete the registration form, you will then be updated on the start dates of the classes your child would like to take part in.

Your Sincerely,

Gemma Brown
Dimensions Entertainment London Director
