Dear Parents & Carers

Last night the Hackney Council cabinet met to discuss the School Estate strategy and the plans moving forward with regarding the Colvestone/Princess May merger as well as the other schools in scope.

You may have heard that the Cabinet votes to put us through to the next stage of the consultation.

As you can imagine, this is very disappointing give the incredible and strategic hard work which has been undertaken by our parent body with the support of many of our school community, as well as the amount of supporting evidence and arguments put forward.

We have yet to hear the specific next steps and I know there will be many conversations with many people to be had over the next few weeks.

Rosie, Anna and I wish to thank you for your amazing work so far. We feel very supported by you and the wave of effort from the Colvestone community has not gone unnoticed in the local authority, I can assure you.

Be strong, remain positive and let's think about the next steps.

Best wishes

Robin Warren
Executive Headteacher
